SEPTEMBER 9, 2014

Single and looking for a condo? [Lash Group of Companies](#) is selling one-bedroom suites in its [Cloud9 Condominiums](#) for just \$229,990, in a limited-time offer.

Other incentives that Lash Group is dishing out for buying a unit in the 12-storey northern-Etobicoke project include one per cent cash back, one per cent in upgrades, as well as parking spaces and lockers for \$1,000 a piece.

Located at 60 Esther Lorrie Drive, [Cloud9](#) is minutes away from the TTC, GO Train and Highways 401 and 427, as well as a short trip from the Woodbine Centre shopping mall.

Even more convenient, the west Toronto project is also easily accessible to Metrolinx's upcoming \$456-million Union-Pearson Express project, which will connect Toronto Pearson International Airport to Union Station in only two stops and 25 minutes total.

Each suite comes pre-wired for a personally encoded, stand-alone alarm system, stacked washer and dryers and a full kitchen appliance package that includes a dishwasher.

The development is scheduled for completion in 2015.
