# New release at Scarborough's ME Living includes Sky Suites

**F**our new floors are about to be released at Scarborough at its newest condominium, ME Living by Lash Group of Companies.

Adding to the excitement already 'buzzing' around this master-planned community, the new release includes the top two floors with stunning penthouses and brand new floor plans.

Among the highlights of these Sky Suites are balconies and/or terraces on all suites and huge, 300+ sq. ft. terraces on two-bedroom-plus-den layouts.

The 'Linda' and 'Layla' plans have both, for a total of more than 1,230 square feet

of perfectly designed outdoor living.

Like every resident at ME Living, buyers of these new suites will find their lifestyle enhanced by the designer-appointed amenities.

Spaces including a celebrity chef-worthy kitchen overlooking a spacious party room, private dining room, multi-purpose room with demo kitchen and gorgeous guest suites will ensure that ME has everything buyers need.

Take some ME time in the cutting-edge fitness room with yoga area or the interactive sports lounge with games area, billiards table, bar area and multiple high-

definition, big-screen TVs.

The rooftop pool is the perfect place for a quick swim before cooking on one of the available barbecues.

ME Living is leading the revitalization of this well-established neighbourhood. Downtown is an easy commute with TTC outside the door and Highway 401 just moments away.

Just about all the services you need and all the shops you can imagine are available at the nearby Scarborough Town Centre. The area has much to offer to outdoor enthusiasts, too, with the Scarborough Bluffs, golf courses, parks and trails all within easy reach.

With more than six decades of success building throughout the GTA and in Florida, Lash Group remains a family-owned company known for customer service and high quality construction. Prices start in the mid \$200s and time-limited incentives include free lockers and parking.
